Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant's attorney agreed to cancel group II which has only claims 11 and 14, select group I and III and cancelled claim 15 from group III. In group I and III, the independent claims 1,9,10 and 12 are about a two way wireless communication system for simultaneous transmission and reception of information signals in the same frequency band while in group II, the independent claim 11 and 14 are about a two-way signal or information transmission configured to utilize DSL signal standards and DSL hardware such as DSLAM and DSL modems, comprised of a telephone central office. The applicant's attorney, Mr. Michael Ananian, called the examiner on 07/21/2006 and asked if it is possible to cancel group II and put groups I and III together since groups I and III are in same class but different subclasses. The examiner talked to Mr. Philip Sobutka who looked at the case and agreed with the applicant's attorney, but told the examiner to call the applicant's attorney to cancel claim 15 because there is a potential reference has been found to reject claim 15. The examiner called the applicant's attorney and both have agreed to select group I and II and cancel claim 15 .
